CURE EFFECTED BY DR. WEAVER'S SYRUP, AFTER ALL OTHER TRIED MEDICINES HAD FAILED. READ THE CERTIFICATE! Messrs. S. A. Weaver & Co.,—Gentlemen: In relation to my. wife, I would say that from childhood she has been afflicted with a Humor. About twenty years since it appeared in a very distressing form of Erysipelas, at first in a spot of a bright cherry color on the side of the face, accompanied with a painful sensation, similar to that produced by fire. From this point it spread over the whole face, which became so swollen that for several days she was entirely BLIND, and so disfigured that her most intimate acquaintances did not recognize her. She had been in this situation three times in the last five years. Its effects sometimes appeared in small cracks.

After any gentle exercise, especially in warm weather, parts of it appeared on the feet and ankles, running much the same course as it had done on the other parts of her body, except that in this instance it was aggravated by exercise. These sores, moreover, assumed the character of bad ulcers, and so inflamed, that for mouths she was unable to walk. The deep scars left by them remain to

Often she has been in such distress from this disease, that for weeks she has been able to obtain but little sleep or rest, and has often said that her distress was ways breaking out in another. To this we applied many remedies, and used various kinds of medicines for removing the disease from the system, none of which produced the least apparent benefit. She commenced using your Syrup and Cerute a year ago last fall. She took the Syrup a few days and then commenced applying the Cerute Indianapolis Wholesale Chair Paccoty.
